

PRESS RELEASE

Andreas Damaske new General Manager of Intendis Dermatologie GmbH

Berlin, 16 March 2006 – The management of Intendis GmbH announced today that Mr. Andreas Damaske will become the new General Manager of Intendis Dermatologie GmbH with effect from May 1, 2006. Intendis Dermatologie GmbH is the German sales company of Intendis GmbH. Mr. Damaske will take over from Mr. Friedrich Gause, who has accepted a position at the Diagnostic Imaging unit of Schering AG.

“After so many years of working in Germany, Mr. Damaske knows the market extremely well. In addition he has gathered experience in many different areas – from sales to strategic marketing to structuring some of the Intendis subsidiaries. He is the ideal choice for this important position within the Intendis group,” emphasizes Prof. Dr. Wolfgang Kehr, President and CEO of Intendis GmbH.

Andreas Damaske started his career in 1986 when he trained as an industrial clerk at Schering AG. In the years that followed he held a number of sales and marketing positions within Schering and its subsidiaries, ranging from Key Account Manager to Head of the Customer Service Center of the Diagnostics business unit and Head of Sales Force for the Therapeutics segment at Jenapharm. In February 2005 Mr. Damaske assumed the function of Regional Business Manager Europe in Global Strategic Marketing and Sales at Intendis GmbH. In this role he was instrumental in setting up the subsidiaries in Portugal and Poland – for the latter he was a member of the Management Board.

Intendis is a fully integrated pharmaceutical company – dedicated to dermatology. Intendis is focused on the development, manufacturing and marketing of high quality, innovative topical and systemic therapies, targeted to treat skin disorders. The current product portfolio comprises treatments of eczema disorders including atopic dermatitis, as well as psoriasis, acne, rosacea and fungal skin infections (mycoses). Intendis markets a number of successful brands such as Advantan® and Nerisona® for the treatment of eczema, Travocort® (dermatomycoses), Skinoren® (acne), Finacea® (rosacea) and Psorcutan® and Psorcutan® Beta (psoriasis). The company’s objective is to become a leading partner in the field of dermatology. Intendis GmbH is a wholly-owned subsidiary of Schering AG, Germany.
